

# Awareness!

Working in classrooms can be hazardous!

January's focus is on awareness of your surroundings

- Observe people who look out of place when coming into the building (stranger danger)

- Take a mental note of the room and correct any immediate hazards
- Pick up toys and push in chairs
- Close drawers and cabinets
- Know where children are at all times and try to anticipate their movement
- DO NOT RUN
- Frequently re-evaluate the room.
